

## Quick set up guide for SMS/GPS vehicle tracker

More comprehensive instructions are included (i.e. - The VT2 Vehicle Tracker Manual), this is simply a quick guide summarising the key points to get you started:

1. Register your ALDI Starter Pack pre paid sim card (included)

- *Please note this is not something we can do for you, it requires you to input your personal details in order to successfully register and activate your ALDI sim card*
- *For more details please visit [www.aldimobile.com.au/choose-activate/](http://www.aldimobile.com.au/choose-activate/) or contact ALDI on 1300 989 000*

Once you complete registration, your ALDI sim card will be activated in a time frame provided by ALDI. *Please be aware you need to monitor the balance of your sim card.*

**You cannot move to the next step until you have registered and activated your ALDI sim card.**

2. We suggest that you save the number of the ALDI sim card that you registered and activated in your mobile phone and apply a nickname so that you can easily find the number to SMS your GPS vehicle tracker (e.g. - the registration number of the vehicle the tracker is in)

3. Establish communications with your SMS/GPS vehicle tracker: In this step you will be using your mobile phone to send a text message to the number of ALDI sim card that you registered above:

- i. On your mobile phone, open a new text message
- ii. Input the number of the ALDI sim card that you registered and activated (this is the number you are sending the text message to)
- iii. Insert exactly the following: PARAM#
- iv. Send text message to your ALDI sim card that you registered and activated
- v. If successful you will receive a message from your SMS/GPS tracker which details a lot of data, you do not need to understand this data, receiving this means you have successfully established communications with your SMS/GPS tracker

4. Setting the SOS number(s): SOS number(s) are the number(s) your SMS/GPS tracker will contact in the event of an alarm condition (for a full list of alarm conditions please see page 3 on your VT2 Vehicle tracker manual)

You can set one, two or three SOS numbers:

#### **Setting one SOS number:**

- i. On your mobile phone, open a new text message
- ii. Input the number of the ALDI sim card that you registered and activated (this is the number you are sending the text message to)
- iii. Insert exactly the following: SOS,A,PHONENUMBER1# (e.g. - SOS,A,0404888999#)
- iv. Send text message to your ALDI sim card that you registered and activated
- v. If successful you will receive a message from your SMS/GPS tracker which simply states 'OK'

#### **Setting two SOS numbers:**

- i. On your mobile phone, open a new text message
- ii. Input the number of the ALDI sim card that you registered and activated (this is the number you are sending the text message to)
- iii. Insert exactly the following: SOS,A,PHONENUMBER1,PHONENUMBER2# (e.g. - SOS,A,0404888999,0405987654#)
- iv. Send text message to your ALDI sim card that you registered and activated
- v. If successful you will receive a message from your SMS/GPS tracker which simply states 'OK'

#### **Setting three SOS numbers:**

- i. On your mobile phone, open a new text message
- ii. Input the number of the ALDI sim card that you registered and activated (this is the number you are sending the text message to)
- iii. Insert exactly the following: SOS,A,PHONENUMBER1,PHONENUMBER2,PHONENUMBER3# (e.g. - SOS,A,0404888999,0405987654,0417234567#)
- iv. Send text message to your ALDI sim card that you registered and activated
- v. If successful you will receive a message from your SMS/GPS tracker which simply states 'OK'
